

# THE GRANT WRITING UNICORN METHOD

An Alaskan Startup Helping Produce More Talented Grant Writers

## WHO ARE WE?

Meredith Noble and Alex Lustig are the co-founders of the Grant Writing Unicorn Collective, an exclusive membership for freelance grant writers. We are based out of Valdez, Alaska.

## WHAT CAN WE DO FOR YOU?

- We can help match you with a grant writer that fits your needs.
- Your grant writer can help you prepare a grant Funding Strategy so you focus on the right grants with the highest likelihood of success.
- Your grant writer is trained in modern project management techniques to keep the grant preparation process stress-free.
- We can provide enterprise-level online grant writing training which we have done for the Alaska Press Club, Tanana Chiefs Conference, Alaska Conservation Foundation, and others nationally.

## HOW DOES PRICING WORK?

We always recommend starting with a Funding Strategy (\$2k-6k+). Work is billed as a fixed fee by percentage of work complete.

“ I have been chasing, working under or administering grants for more than 20 years at this point. And today is easily the best I've ever felt about anything related to the grant writing process. What a relief to go from merely working hard and not knowing whether it will pay off to working smart and being able to relax--knowing that if I stay focused, I have my best possible shot at success. I'll sing the praises of this course to anyone who will listen for as long as I can. ”

- TARA O'HANLEY

Director of Business Development  
Anchorage, AK

## WHERE CAN I LEARN MORE?

You may choose a grant writer listed here or email us and we can help match you with the best grant writer for your needs.
