

SOLSTICEAK GRANT WRITING SERVICES

WHO WE ARE

With more than 13 years of grant-writing experience in Alaska, SolsticeAK has had a major role in more than **75 successful grant applications**. We have **secured over \$100 million** in federal, state, and foundation funding for our clients.

- Disadvantaged Business Enterprise #9900647
 - Woman-owned small business
- Staff include two full-time and six part-time grant writers - all based in Alaska!

WHO WE SERVE CLIENTS

We serve a variety of clients in the public and private sector. We support municipalities, tribes, boroughs, cooperatives, and nonprofits with their grant-writing needs.

PROJECTS

Successful projects have ranged from alternative energy planning and installation to boat harbor and library improvements.

WHAT WE DO

Our comprehensive approach includes prioritizing needs, describing priorities, identifying funding opportunities, completing application packages, and successfully implementing projects.

For SolsticeAK, success not only means that proposals are funded, it also means that the grant's outcomes are "doable"—well defined, realistic and achievable within the grant budget and timeline.
